dartford directions

We are located in Dartford town centre, which is just minutes away by car from J1b & J2 from the M25 and less than 5 minutes walk from the towns train station. Greencell occupy a modern office block on the corner of Spital Street and Orchard Street.

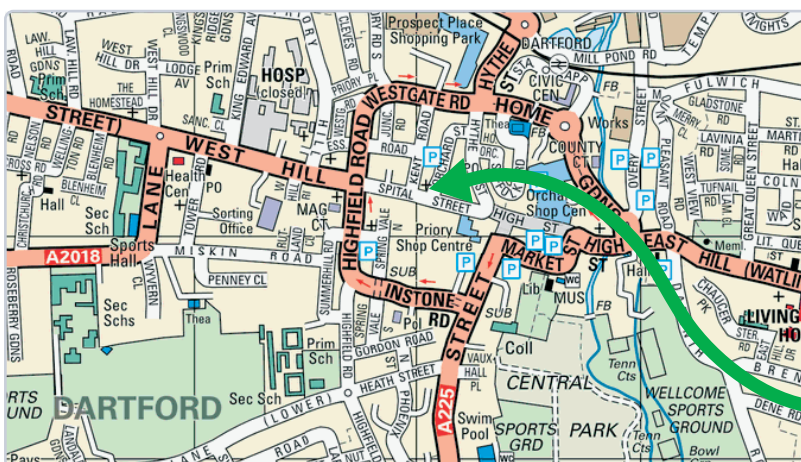

Clockwise From the M25 Dartford River Crossing: Take J1b off the M25, and follow signs for A225 Dartford. At the end of the slip road roundabout take the third exit towards the town centre. (You will pass an Esso petrol station / Renault dealership on the left hand side at the third exit). Go straight on at the next roundabout. **This is Princes Road.**

Counter-Clockwise From the M25: Take J2 off the M25 and follow signs for A225 Dartford. At the end of the slip road stay in the left hand lane and take the first exit past the petrol station/Audi dealership on the left hand side). Go straight on at the next roundabout. **This is Princes Road.**

From Princes Road continue as follows: Continue straight down, through the first set of traffic lights and turn right at the second set of lights where there is a VW dealership on your left. You are now in Lowfield Street. Continue until you come to a give-way sign at the beginning of the one-way system. This is Instone Road. Keep to the right (you will see a Sainsbury's store on your right). Follow the road around to the right and you will come into Highfield Road.

Staying on the right, go through the two sets of pedestrian lights, following the one-way system round. You will see an B&Q store on the left hand side. You need to take the next turning on the right Kent Road (Kwik-Fit). As you turn into Kent Road the NCP Car park is on your left or alternatively go to the end of the road, take the left hand fork and then first left into Orchard Street. We occupy the modern office building on the corner. Our car park has black iron gates and is just before a shop called Connect Three on the left hand side.
